SCV Needs You!

Today the Southland faces many problems which can best be solved by her own people in their own way. Her people cannot act with intelligence and perspective if they do not understand their own history, heritage, and background. The SCV aims to make that history more widely understood, and more deeply appreciated.

When you join the Sons of Confederate Veterans you honor one whose blood courses in your veins. One who sacrificed much that you might inherit a Southland blessed more bountifully than any other section of our great nation. Won't you help carry on his ideals?
